

MASTER OF VISUAL ARTS – PATHWAY GRAPHIC DESIGN

Campus Sint-Lukas Brussels academic year 2021-2022

MASTER ASSESSMENT

The Master Assessment consists of several parts. After registration, you will receive a link to the online Master Assessment by email and you must complete the various components before Wednesday 28th April 2021 [23:59], Thursday 1 July 2021 [23:59] or Thursday 2 September 2021 [23:59] (depending on the chosen time period).

- MOTIVATION: write in a motivation letter why you have chosen this program.
- CURRICULUM VITAE (CV): upload your CV via the online Master Assessment link.
- MASTERPROEF – MASTER PROJECT: prepare a proposal for a master's thesis. Demonstrate your ability to reflect on your own work/practice and the role of the artist in the art field. Demonstrate your ability to present a potential concept that may be developed further during the master's program. The template for this assignment can be found in the registration confirmation email or on the [LUCA website](#). The document 'Masterproef - Master Project' should include approximately 3 elaborate images that give the assessment committee a good impression, both visually and in terms of content, of the candidate's concept.
- PORTFOLIO (your work): create a portfolio of your recent work. It should serve as proof that you possess the required skills. Illustrate this by means of the following items:
 - o completed studies (mention course units, workshops...);
 - o portfolio (graphic work, internships, installations, sketchbooks, festival/museum selection, nominations or awards...);
 - o each film included in the portfolio must clearly state the candidate's job description (e.g. director, scenario, DOP, sound...);
 - o links to a personal website, blog...

Still images can be merged into one document (pdf), for moving images include the link to Vimeo, YouTube or any other place (accessible with or without password). In case of a website, also include the web address in a PDF document.

INTERVIEW

The jury will evaluate your dossier. **If the jury has any questions, you will be invited for an INTERVIEW on Tuesday 4 May 2021, Wednesday 7 July 2021 or Wednesday 8 September 2021**, which will, depending on the [COVID-19] situation, take place either online or on campus. You will be informed by email a few days in advance whether or not you will be invited for an interview based on the artistic dossier (motivation, portfolio, proposal Masterproef - Master Project and CV).

- Online interview (Skype): the invitation email contains the exact time and the link for the appointment. You don't have to install skype or skype for companies on your computer or phone. Via the link you will be able to join the call as a guest without having to install a program on your computer.

- On campus: check in at reception (blue box) 30 minutes in advance of the assessment (Paleizenstraat 70, 1030 Brussel) where a member of staff will pick you up. Please bring: your own laptop with all material saved on the internal hard disk (so you can show everything offline without internet connection).

The interview consists of an individual conversation (max. 15 min.) with (atelier) teachers of the program. In this interview the creative competence and potential will be evaluated on the basis of the portfolio and the document 'Masterproef - Master Project'. It is therefore an opportunity to express and defend your motivation and orientation.

PUBLICATION OF THE RESULTS

Within a week after completing the assessment, the candidates will be informed by email whether they are allowed to start in the master's program, allowed to progress through a transition or preparatory program, or not admitted to the master's program. In the first two cases, the candidates will also receive the guidelines for final enrolment.

Good luck!
