

## Lump sum additional costs of study 2021-2022

### Explanatory note (Article 13 of the Regulations on Education and Examinations)

#### Article 13. Charging of additional study costs

§1. Specific and limited costs for the use of goods and the organisation of specific events can be charged to the students, provided that the costs are related to the organisation of the study programme. The additional study costs are charged and collected by the Finance Team of LUCA School of Arts.

§2. Pre-defined study-related costs and facilities for students are charged in the form of an expense allowance, the amount of which may vary depending on the programme. The expense allowance for additional study costs is determined annually after prior consultation with the students, without the need to amend these regulations as a whole. For the amounts, please refer to the website of LUCA School of Arts; justifications per programme can be found on Toledo.

§3. Students enrolling for a full academic year must pay the full amount of the expense allowance for additional study costs, regardless of the type of contract or the number of credits for which they are enrolling. Contrary to this, a programme may apply a reduced expense allowance for the category of working students. Students who enrol for only one semester are entitled to half the amount.

§4. Students who spend a period abroad as part of their studies (e.g. Erasmus (with the exception of Erasmus Belgica), compulsory traineeship abroad) will be reimbursed part of the expense allowance for additional study costs at the rate of 1/10th of the amount for each month they spend abroad.

§5. Only in exceptional, individual cases may the amount of additional study costs be waived if students submit a motivated request to the Administrative Director, who decides on the matter.

Programme	graduation track	Additional costs of study 2021-2022
Drama (Louvain)		400
Music (Louvain)	Jazz	200
